REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The prior art neither teaches or fairly suggests a method for detecting, identifying and monitoring women at risk of developing OSE-derived carcinomas including obtaining a pap smear, exposing a vaginal fornix of the patient, employing a device including an introducer needle having a connectable open end and a second terminal open end, a microendoscope having a housing with an open surface end sealably connected to the connectable end, an optic fiber extending through the open surface end and which is inserted into the needle, the housing having a first channel to receive the optic fiber, a second channel to receive a light source, and a third channel into which a tissue removing member is inserted through; inserting the introducer needle into the fornix to advance the microendoscope to visualize the ovary; advancing the tissue removing member through the third channel to contact the ovary to obtain OSE tissue cells to be obtained; and removing the tissue removing member and the tissue cells for analysis.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jonathan ML Foreman whose telephone number is (571)272-4724. The examiner can normally be reached on Monday - Friday 8:00 am - 4:30 pm.
